I. Organization's Overview

(A) Introduction

Doers is a humanitarian organization working towards resilience and sustainability in the Himalayan region of India. Our core areas of intervention include disaster risk management, humanitarian response and climate change adaptation.

➤ **Geographical Area of Operation**

The Registered Office of Doers is located in Shimla - the capital city of Himachal Pradesh and an Indian state which is at a very high risk of disasters due to its adverse topographic, climatic & geological conditions. Our team has been working in all districts of the state, mainly carrying out capacity building and training related activities in the field of disaster risk management, humanitarian response and climate change adaptation.

➤ **History and Inception**

Doers came into existence in 2015 when a group of like-minded students, social workers and development professionals came together to discuss the growing risk of disasters in the Himalayan region of India. After the devastating Nepal Earthquake in April 2015, this group had a full-day meeting on 2nd of June, 2015 and unanimously decided to form a non-governmental organization in the state of Himachal Pradesh. Within a few months of focused discussions, strategic planning and preparatory actions, Doers was finally registered under the Himachal Pradesh Societies Registration Act, 2006 on 8th of July, 2015.

(B) Our Goal

Doers has a long-term goal which is embedded into our objectives and vision and mission statements.

➤ **Vision**

Resilient and climate-smart communities in the Himalayan region of India.

➤ **Mission**

To develop community resilience against disasters and climate-related risks by carrying out localized, participatory, interdisciplinary and sustainable interventions.

➤ **Objectives**

- To create awareness and undertake activities and projects aimed at addressing the issues pertaining to sustainable development, such as-climate change, disaster management, rural development, social justice, corruption, women and youth empowerment and other inter-related subjects.
- To bridge the rural-urban divide in the domains like-education, health, livelihoods and other spheres of sustainable development through developing capacities and leadership skills of the communities, especially youth, for their holistic development.
- To carry out relevant awareness building programmes like-workshops, conferences, exhibitions, seminars, fairs, symposiums and to publish and disseminate useful IEC (Information, Education & Communication) material like books, journals, newsletters, pamphlets, posters, etc. in print or electronic mode, for the advancement of ideas related to sustainable development.
- To undertake participatory research activities, render consultancy or relevant services to the Governmental and Non-Governmental Organizations over the crosscutting issues related to sustainable development.
- To receive donations/grants and acquire/purchase any moveable or immovable property with the financial assistance from Governmental or Non-Governmental Organizations or individuals in the name of society for furtherance of its objectives.
